Your Road to Success

➔ About ESACC...

Excelsior Springs Area Career Center (ESACC) offers quality training programs for emergency services and medical professionals.

Programs include a combination of classroom instruction, hands-on learning, and clinical/field training to maximize students' success.

ESACC partners with local and surrounding long-term care and emergency services facilities for clinical and field experiences. Program instructors have industry experience and are certified through MO Department of Health and Senior Services. Small class sizes enable instructors to provide quality, real-world instruction.

At ESACC, start a new career or advance in your current career!
